

Council of Europe Treaty Series - No. 220

Council of Europe Convention on Cinematographic Co-production (revised)

Rotterdam, 30.I.2017

Preamble

The member States of the Council of Europe and the other States Parties to the European Cultural Convention (ETS No. 18), signatory hereto,

Considering that the aim of the Council of Europe is to achieve greater unity between its members in order, in particular, to safeguard and promote the ideals and principles which form their common heritage;

Considering that freedom of creation and freedom of expression constitute fundamental elements of these principles;

Considering that fostering the cultural diversity of the various European countries is one of the aims of the European Cultural Convention;

Having regard to the UNESCO Convention on the Protection and Promotion of the Diversity of Cultural Expressions (Paris, 20 October 2005), which recognises cultural diversity as a defining characteristic of humanity and strives to strengthen the creation, production, dissemination, distribution and enjoyment of cultural expressions;

Considering that cinematographic co-production, an instrument of creation and expression of cultural diversity on a global scale, should be reinforced;

Aware that film is an important means of cultural and artistic expression with an essential role in upholding the freedom of expression, diversity and creativity, as well as democratic citizenship;

Determined to develop these principles and recalling the recommendations of the Committee of Ministers to member States on the cinema and the audiovisual field, and particularly Recommendation [Rec\(86\)3](#) on the promotion of audiovisual production in Europe and Recommendation [CM/Rec\(2009\)7](#) on national film policies and the diversity of cultural expressions;

Acknowledging that Resolution [Res\(88\)15](#) setting up a European Support Fund for the Co-production and Distribution of Creative Cinematographic and Audiovisual Works "Eurimages" has been amended to allow the accession of non-member States;

Resolved to achieve these objectives thanks to a common effort to foster co-operation and define rules which adapt themselves to cinematographic co-productions as a whole;

Considering that the adoption of common rules tends to decrease restrictions and encourage co-operation in the field of cinematographic co-production;

Considering the technological, economic and financial evolution of the film industry since the opening for signature of the European Convention on Cinematographic Co-production (ETS No. 147) in 1992;

Believing that this development necessitates a revision of the 1992 Convention in order to ensure the continued relevance and effectiveness of this framework for cinematographic co-production;

Acknowledging that the present Convention is intended to replace the European Convention on Cinematographic Co-production,

Have agreed as follows:

Chapter I – General provisions

Article 1 – Aim of the Convention

The Parties to this Convention undertake to promote the development of international cinematographic co-production in accordance with the following provisions.

Article 2 – Scope

- 1 This Convention shall govern relations between the Parties in the field of multilateral co-productions originating in the territory of the Parties.
- 2 This Convention shall apply:
 - a to co-productions involving at least three co-producers, established in three different Parties to the Convention; and
 - b to co-productions involving at least three co-producers established in three different Parties to the Convention and one or more co-producers that are not established in such Parties. The total contribution of the co-producers who are not established in the Parties to the Convention may not, however, exceed 30% of the total cost of the production.

In all cases, this Convention shall only apply on condition that the work meets the definition of an officially co-produced cinematographic work as defined in Article 3, sub-paragraph c, below.

- 3 The provisions of bilateral agreements concluded between the Parties to this Convention shall continue to apply to bilateral co-productions.

In the case of multilateral co-productions, the provisions of this Convention shall override those of bilateral agreements between Parties to the Convention. The provisions concerning bilateral co-productions shall remain in force if they do not contravene the provisions of this Convention.

- 4 In the absence of any agreement governing bilateral co-production relations between two Parties to this Convention, the Convention shall also apply to bilateral co-productions, unless a reservation has been made by one of the Parties involved under the terms of Article 22.

Article 3 – Definitions

For the purposes of this Convention:

- a the term “cinematographic work” shall mean a work of any length or medium, in particular cinematographic works of fiction, animation and documentaries, which complies with the provisions governing the film industry in force in each of the Parties concerned and is intended to be shown in cinemas;
- b the term “co-producers” shall mean cinematographic production companies or producers established in the Parties to this Convention and bound by a co-production contract;
- c the term “officially co-produced cinematographic work” (hereafter “the film”) shall mean a cinematographic work which meets the conditions laid down in Appendix II, which is an integral part of this Convention;
- d the term “multilateral co-production” shall mean a cinematographic work produced by at least three co-producers as defined in Article 2, paragraph 2, above.

Chapter II – Rules applicable to co-productions

Article 4 – Assimilation to national films

- 1 Cinematographic works made as multilateral co-productions and falling within the scope of this Convention shall be entitled to the benefits granted to national films by the legislative and regulatory provisions in force in each of the Parties to this Convention participating in the co-production concerned.
- 2 The benefits shall be granted to each co-producer by the Party in which the co-producer is established, under the conditions and limits provided for by the legislative and regulatory provisions in force in that Party and in accordance with the provisions of this Convention.

Article 5 – Conditions for obtaining co-production status

- 1 Any co-production of cinematographic works shall be subject to the approval of the competent authorities of the Parties in which the co-producers are established, after consultation between the competent authorities and in accordance with the procedures laid down in Appendix I. This appendix shall form an integral part of this Convention.
- 2 Applications for co-production status shall be submitted for approval to the competent authorities according to the application procedure laid down in Appendix I. This approval shall be final except in the case of failure to comply with the initial undertakings concerning artistic, financial or technical matters.
- 3 Projects of a blatantly pornographic nature or those that advocate discrimination, hate or violence or openly offend human dignity cannot be accorded co-production status.
- 4 The benefits provided by co-production status shall be granted to co-producers who are deemed to possess adequate technical and financial means, and sufficient professional qualifications.
- 5 Each Contracting State shall designate the competent authorities mentioned in paragraph 2 above by means of a declaration made at the time of signature or when depositing its instrument of

ratification, acceptance, approval or accession. This declaration may be modified at any time afterwards.

Article 6 – Proportions of contributions from each co-producer

- 1 In the case of multilateral co-production, the minimum contribution may not be less than 5% and the maximum contribution may not exceed 80% of the total production cost of the cinematographic work. When the minimum contribution is less than 20% or the co-production is financial only, the Party concerned may take steps to reduce or bar access to national production support schemes.
- 2 When this Convention takes the place of a bilateral agreement between two Parties under the provisions of Article 2, paragraph 4, the minimum contribution may not be less than 10% and the largest contribution may not exceed 90% of the total production cost of the cinematographic work. When the minimum contribution is less than 20% or the co-production is financial only, the Party concerned may take steps to reduce or bar access to national production support schemes.

Article 7 – Rights of co-producers to the cinematographic work

- 1 The co-production contract must guarantee to each co-producer joint ownership of the tangible and intangible property rights of the film. The contract shall include the provision that the film master (first completed version) shall be kept in a place mutually agreed by the co-producers, and shall guarantee them free access to it.
- 2 The co-production contract must also guarantee to each co-producer the right to access the material and the film master for use as a medium of duplication.

Article 8 – Technical and artistic participation

- 1 The contribution of each of the co-producers shall include effective technical and artistic participation. In principle, and in accordance with international obligations binding the Parties, the contribution of the co-producers relating to creative, technical and artistic personnel, cast and facilities, must be proportional to their investment.
- 2 Subject to the international obligations binding the Parties and to the demands of the screenplay, the crew involved in filming the work must be made up of nationals of the States which are partners in the co-production, and post-production shall normally be carried out in those States.

Article 9 – Financial co-productions

- 1 Notwithstanding the provisions of Article 8, and subject to the specific conditions and limits laid down in the laws and regulations in force in the Parties, co-productions may be granted co-production status under the provisions of this Convention if they meet the following conditions:
 - a include one or more minority contributions which may be financial only, in accordance with the co-production contract, provided that each national share is neither less than 10% nor more than 25% of the production costs;
 - b include a majority co-producer who makes an effective technical and artistic contribution and satisfies the conditions for the cinematographic work to be recognised as a national work in his or her country;
 - c help to promote cultural diversity and intercultural dialogue; and

- d are embodied in co-production contracts which include provisions for the distribution of receipts.
- 2 Financial co-productions shall only qualify for co-production status once the competent authorities have given their approval in each individual case, in particular taking into account the provisions of Article 10 below.

Article 10 – General balance

- 1 A general balance must be maintained in the cinematographic relations of the Parties, with regard both to the total amount invested and the artistic and technical participation in co-production cinematographic works.
- 2 A Party which, over a reasonable period, observes a deficit in its co-production relations with one or more other Parties may withhold its approval of a subsequent co-production until balanced cinematographic relations with that or those Parties have been restored.

Article 11 – Entry and residence

In accordance with the laws and regulations and international obligations in force, each Party shall facilitate entry and residence, as well as the granting of work permits in its territory, of technical and artistic personnel from other Parties participating in a co-production. Similarly, each Party shall permit the temporary import and re-export of equipment necessary to the production and distribution of cinematographic works falling within the scope of this Convention.

Article 12 – Credits of co-producing countries

- 1 Co-producing countries shall be credited in co-produced cinematographic works.
- 2 The names of these countries shall be clearly mentioned in the credit titles, in all publicity and promotion material and when the cinematographic works are being shown.

Article 13 – Export

When a co-produced cinematographic work is exported to a country where imports of cinematographic works are subject to quotas and one of the co-producing Parties does not have the right of free entry for its cinematographic works to the importing country:

- a the cinematographic work shall normally be added to the quota of the country which has the majority participation;
- b in the case of a cinematographic work which comprises an equal participation from different countries, the cinematographic work shall be added to the quota of the country which has the best opportunities for exporting to the importing country;
- c when the provisions of sub-paragraphs a and b above cannot be applied, the cinematographic work shall be entered in the quota of the Party which provides the director.

Article 14 – Languages

When according co-production status, the competent authority of a Party may demand from the co-producer established therein a final version of the cinematographic work in one of the languages of that Party.

Article 15 – Festivals

Unless the co-producers decide otherwise, co-produced cinematographic works shall be shown at international festivals by the Party where the majority co-producer is established, or, in the case of equal financial participation, by the Party which provides the director.
